TEACHERS' INSTITUTE ADJOURNED FRIDAY

Well Attended, Well Enjoyed a Success in Every Feature.

THAN HALF THE SECRETARY'S REPORT GIVEN IN THIS ISSUE

('ontinued from last issue]

l'erry told the Institute her for the study of long poems. would not assignfull of the poems a lesson but would have them and the whole to themselves. all the story, then to read and books, ome memory work Sie

To Instruct or and Superintend maps before the class and use them machers to tell what relad their character of summer work

Adjourned until Afternoon, g of "Onward Christian Soldiers" enough is an abuse. ere the roll of teachers was called. at the basis of spelling should be andy of the child, to him words

Miss Elsie Riley said that a teachnark and teach them in order enable child to pronounce new words. She i h shorld he used.

Mr. Wicker advised the use of much drill work and practice of renew words both oral and written

That there is too much mechanical memory work and not enough thought work in spelling, was the idea of the Instructor. He said that spelling could be made as profitable as far as thought work is concerned as any other study. He thought that plenty frime was spent in this study but not profitably so.

Mrs. Perry asked the Institute how the copying in spelling lessons by papils could be prevented. The remodies auggested were; to keep pupils of the same class spart, to create rivalry between purply on that as one will be willing to help another, to teach lesson. If honesty, 10 show that a bad spelling grade is not a crimo but that cheating is a sin. Mr. King said teachers aboutd make ica question of the honor of the school before they let pupils report doing for humanity? cheating of others, he said a spirit could be created in school which that eften teachers caused cheating

ination grades. The Instructor said that a good that teachers should use the child's of the Journal.

pils hand in lists of words that they know how to spell and to use these lists as future spelling lists. He said that some spelling could be taught incidentaly but that spelling books should be used and that too many words for one lesson was a mistake,

After recess Mr. Il. Babb, of the State University, spoke for a few minutes on the value of educational papers after which the work of the Institute continued. Miss Golightly said that the aim in geography was to give the child a definite idea of the world and their surroundings, Miss Roberts being absent Miss Nunn discussed the basis of geography work. She said it is host to start with the shild s experience and the throgs around bim to be eareful about sticking too close to the text

Miss Rankin said that a teacher all this would occupy should have her work fully planged many different recitations, much about of her class, and that in . Margaret Moore emphasized the jakaigning a lesson in tencher should of good literature the orgent explain the nain points so that the more of it and of shild will know what to look for.

Miss Bertha Moore described her all letting most of the very it a of a good recitation in geograplay She would have authine before dictionary habit among desense a su fordinate part then let the class discuss it. She would have

The instructor said that most counreading during their try schools were ideally located for The last fifteen mountes the study of primary geopraphy, were set apart for this for a chibl must have his imagry ity se and all of the teachers des well developed for further geography coeffice themselves to problems given

spelling was discussed Florence Harris She said their chard and that the aim should be in the primary grades, that the makt for oral work alone but primari- ing of the map below the childs memfor witten work of his own and ory and that the act of making has

Prof King suggested that the mak he own use with which he is larg of soils, crosion, etc., are going on all around the schools and that Mr Stone being absent the an-tilin fact could be used as valiable gunerations the spelling lesson was libraryations lie also said that sensed by Mr. Pogue, who said much of the introductory parts of the at from the first grade to the fourth | .. Natural Complete Geography would a words of spelling lessons should be best left alone if the teacher does e words of practical use. He sug- not or cannot use illustrations while ested that a good review lesson teaching. He thinks that the study sa'd he words which are often of geography and the making of maps should be commenced in the third grade. The first map made er should be familiar with sounds at d should be the map of the school room drawn to scale with objects in the room correctly located. The next earl that no child should be confined map made could be the school-yard seither oral or written apelling, drawn to onother scale or the home of the child to another scale. The map of the district could be made, streams, roads and hills located. He also called the attention of the teachers to the fact that these maps would bring in arithmetic work. He said that if the teacher neglected the illustrations of practical nature, springs, streams, etc., around him the work in geography would lose much of its value, that everything

> Adjourment until nine p. m., Wednesday.

After a song and the roll call the devotional exercises were conducted by Rev. M. E. Miller who spoke afterward of the responsibility of a teachers' position. He said that all teachers should be christians and that they should constantly keep in mind that a childs spiritual welfare may depend on them and that they should often ask themselves OWhat am I

regular work of the Institute was of Mr. and Mrs. T. C. Stone a few as to whether you get much or little starter and that the extras are liable ness and death of my loving mother. would make cheating a disgrace, and continued. The first subject on the days last week, Mr. Russell is the for your money. If you wish to get to hankrupt a millionaire. This is a program the basis of arithmstic work valued fereman of the Dixon Journal value received, sand your boys and scare erow. experience in making plans for with CRISTENDEN COUNTY HIGH metic work, and give him a concrete idea of things represented.

essential work was done in arithme If King asked the teachers to pupils and call on one of them to me that all problems given should be money, measures, and objects and that in the intellectual work a child should analyze as they go and made teconderstand that it is not answers! but the process of analysis that is wanted. He advised teachers not to in lext but let him do practical work. Adjournment for a twenty minutes

> After tecess the Instructor addressed the teachers on the subject give him skill, rapidity and accuracy in the use of numbers; and to develop his power to apply the principles learned to his own experience. He said that arithmetic should be made a usable tool for the child, that proldems should deal with things with which he comes in contact. not use the text too much, make problems which bring in his actual experience, market prices, measurement of actual things. We, the eachers, to have their pupils collect data and make problems.

Rev. Miller said that much of the ack of interest on part of patrons of rural schools could be stopped by problems of a practical kind given at school and in many instances actual conditions on the farm could be improved in this way.

Hollis Franklin said that all children could be interested in arithme. tie if problems in which they were interested or which concerned their actual life were given.

Mr. Matthews asked if a teacher should ever tell a pupil to work as far as he could in any arithmetic lessen. Mrs. Perry thought it in allowable in some instances.

In speaking of the preparation. Clarence Thompson said that all should be made concrete and full of pupils should understand that it is better to understand one problem than to get a dozen answers.

The Instructor said he thought it best to pass over any part of text book that could not be made concrete. Miss Marian Richards in speaking of the recitation, said the interest of no pupil should be allowed to drop. She thinks interest can bo done by preparation on part of teachers and by well considered problems.

(will be continued next week.)

SCHOUL

Common School Graduates Will be Admitted to Marion High School Witnout Paying Toltion.

ONE YEARS WORK IN AGRICULTURE WE'L FORM PART OF THE COURSE.

Arrangements have at last been made , whereby all common-school graduates of school age residing in Some relief and industrial maps of the morning's program, Arithme. Critical den County will be admitted York back to New York is limited to One person mours light laundry bills have three definite aims, to give the paying tuition. This contract hechild ahility to think in numbers; to tween the County Board and the cordance with the provisions of the law passed by the last Legislature, which seeks to furnish the pupils from the rural districts, in every county of the state, educational opportunities equal to those furnished the boys and girls of the cities.

In order that the Marion High School may meet the requirments of the law it is necessary to increase our course of study to four years and to employ an assistant. A course of study has been arranged which makes the work offered here second to that of no high school of the same size in the State. An assistant will be selected immediately. It is now up to the people of the county outside Marion Graded School district to show whether they wish to take ad, vantage of the liberal provisions offered by the County Board.

You can afford to sacrifice much to give your boys and girls the fullest possible training for life. One year's work in Agriculture will probably form a part of the course; if not this year, certainly next year.

Board can be obtained as cheaply in Marion as anywhere. Rooms may Me Farlan." be rented and pupils hoard themselves thus reducing their expenses to the

Those wishing to be teachers in the near future will do well to take a high school training, as the time is coming, and that soon, when it will be necessary to have a high school education before they will be licensed to teach in the district schools. This is now the requirement in many states and Kentneky will not long remain behind her sisters.

The contract between the two

EOURPEAN TRIP BEING OR-**GANIZED FOR NEXT YEAR**

Nine Have Aiready Signed and at Least Twenty More Have Expressed Determination to Go

COST OF TRIP FROM NEW YORK AND BACK TO NEW YORK \$300,00

A party is being organized from Sturgis and surrounding towns, to tour Europe next year, in which line persons are already enrolled, and it is purposed to make the number at least twenty,

Among other things this party will take in the Exposition at Brus-

It will sail from New York about July 1, embracing the following route; Liverpool, Chester, Stratfordupon Avon, Warwick. Kennilworth, Charlecote, Winsdor, London, Harwich, Book of Holland, The Hague, Schevening, Amsterdam, Monekendam, Edam, Isle of Maarken, Antwerp, Brussells, Waterloo, Achen, Cologne, Rhine steamer to Mainze, Winshaden, Frankfurt, Heidelburg. Stuttgart, Strassburg, Basle, Schanffhausen, Rhine Falls, Zurich, Luzern Brunig Hass, Brienz, Giesbach Falls, Interlaken, Lake Thun, Spiez, Zweisimmon, Montreux, Lake Steamer to Geneva, Ouchy, Vevey Paris via Macon and Dijon, London, Liverpool, New York.

Detailed itinerary will be made out before sailing and improvements may be made on this.

Further information can had at the Record-Press office

Following, are a few of the many T. M. Hurst from some of the best people in Europe:

Arabic, .- Chief Steward,"

"A very charming party and especially Monsieur and Madame Hurst. Madame Leon Glatz, Paris."

"Yours was a great party me know of your coming next year and you shall have a regular American dinner, troasten ears water melons and all.'-Proprietor Hotel Metropole and Manipole Basle."

"Your party was the most friendly and sociable I have ever traveled run into extravagance. The actual with and I would be glad to be able to tak a longer trip with you next year. - (Rev.) .lames Hamilton."

What people say who were members of Rev. Hurst's party:

"Miss Friend and I had a delightful trip with you and Mrs. Hurst and we think the tour covers the countries well, that are listed on the itinerary, Our trip through Scotland and the English Lake country was simply delightful. - Amanda G

"The tour sister and I made with your party was certainly delightful and we both stand ready to further your plans in any way we can .-Blanch A. Long.'

"We enjoyed all the places visited and only wished for more time at each. Belle and I are going back to some of these places some day and shall be glad to go with you again, meeting at Gasper River Church, in -- Kate Fisher,"

Extras on Trip to Europe, The first nucetion asked by the sebool boards calls for the payment average individual who thinks of goof a fixed sum regardless of the num-jing to Europe is, "What about the ber of pupils who avail themselves of extra expenses of such a trip?" The Mr. and Mrs. Strother Russell and the opportunity. So, it rests with general, idea with the inexperienced thanks to my neighbors and friends After Rev. Miller's address the son William, of Dixon, were the guest you who pay the County School tax is that the price of the tour is only a who were so faithful during the sick. allowed his extra expenses to run FOR RENT-Desirable place of JNO B. PARIS, County Supt. above as average of 35 cents a day 4 rooms in East Marion .-- Rev. W. JNO. P. KING, Supt. M.G.S. for the trip and any one may hold T. Oakley.

the account down to an average of 50 cents a day. Here are the things that are actually necessary, that are not included in the price of any tour because they can not be equal ized; Steamer chairs, if used \$1.00 each way. Tips to servants on the ocean voyage, ought to be \$2.50 each way. Baths and laundry bills according to taste and necessity. Say \$10.00 all told. Mid day lunches, twelve days, in London and Paris say 50 cents a day, makes the aggregate less than \$25.00 for the trip This may be made lower by cutting lunches and laundry bills. Lunches in London and Paris may be had from 15 cents up, just as in American eities. Of course if one drinks wine, orders high priced lunches, goes to the theater every night and 40 on the extras may be piled mountain high, but this is unnecessary. The expense of touring Europe is just like the expense of going to the St Louis Exposition or Mardi Gras. or anywhere else. There are certain necessary expenses that can he avoided and other unnecessary expenses that may be indulged extravagantly. The sensible individual usually practices economy, but oceasionally the tourist loses his head and pays the

Sometimes people ask why net inelude the extra expenses that are necessary in the cost of the trips, Simply because they can not be equalized. On the ocean some folks want all kinds of attention while others take care of themselves and waiters expect compensation in proportion to what they do. Some folks think they must hathe in salt water twice a day while on the ocean. while others are content with fewer baths, and the same principle holds The cost of the trip from New good in laundry and lunch bills, while others go to the other extreme and in lunching one will order a sandwich and cup of coffee and be expressions of appreciation to Rev. happy while another wants broiled pompano and blue points on the half shell with chocolate and chamgaigne "One of the most intellectual and fringes, so that the only equitable agreeable parties ever carried on the thing to do is to leave the individual to regulate this part of the expense. The price of the trip includes every necessary item that can be equalized; and the cost of the necessary things that can not be equalized need not be more than 35 to 50 cent a day for the trip, need not exceed \$20, to \$25. This is purely a matter for the individual and may be made economical or extravagant, just as shopping bills may be almost nothing or extra neecssary expenses of a trip abroad are very light and only the thoughtless tourist makes them bur-

For Sale.

A good farm three and one half miles from Marion, on the Marion and Dyeusburg road, containing 137 acres; 100 acres of which is in a high state of cultivation, and many fine posts on the remainder. This farm is one of the best bargains in Crittenden county and if you want a chance at it you had better see me at once. One third in cash and the balance in one and two years. Apply to J. F. Canady, Mariou, Ky. R. 2.

Rev. James Price in a Big Meeting.

Rev. James Price is holding a Lugan county. The crowds are very large and the interest fine for the beginning of the meeting.

Dr. Pierce's Favorite Prescription

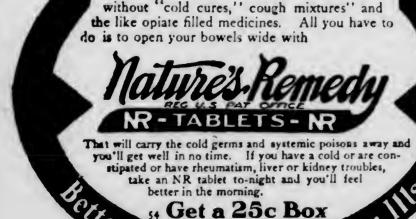

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician-an experienced and skilled specialist in the diseases of women.

k is a safe medicine in any condition of the system. THE ONE REMEDY which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its meacers are not afraid to print its every ingredient on each outside bettle-wrapper and attest to the truthfulness of the same under ooth.

It is sold by medicine dealers everywhere, and any dealer who hasn't it ea get it. Den't take a substitute of unknown composition for this medicine co anown composition. No counterfeit is as good as the genuine and the drugglet who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to decaive you for his own selfish benefit. Such a man is not to be trusted. He is triding with your most priceless procession—your health—may be your life itself. See that you get what you ask for.

Sold by Haynes & Taylor

Any Cold Can be Cured
